

PLEASANT MANOR RETIREMENT VILLAGE

Preachers Ponderings

We are about half way through Lent, a season of repentance and awareness of our mortality. It ends at Easter with the death and resurrection of Christ who offers forgiveness and new life. Praise God! As we focus on Easter let us follow the example of Christ who called us to carry our cross, to live by the Spirit and, to work to build God's Kingdom here. Let this Month be a month of transformation.

Maintenance Muse

Well, we've gotten through most of the winter and we look forward to spring's arrival this month and we're gearing up for the changes that makes in our day to day work. Walter will be off for several weeks on a medical leave, so George will be coming in a couple extra days a week to help out. We hope that you won't notice any delay in our service, but we will miss his presence.

Pleasant Manor Post

March 2016

From the Director's Desk

Recently I have noticed a welcome increase in tenant participation of the activities that are taking place around Pleasant Manor. Whether it is the lovely lounge on the second floor of Oakview, the Arborview lounge area, the Link or elsewhere, I see

so many of you enjoying a puzzle, a craft, an exercise class, a coffee with friends, or just a time of visiting. It is really gratifying to see our common spaces put to good use. Pleasant Manor is here for you to enjoy in community!

Celebrating Valentine's Day!

Greetings from Gayle

The Convalescent Care program is running well with 6 of the 12 planned beds converted at this point with plans to convert the next 6 in the coming months. We are enjoying meeting and serving these people in their time of need, giving them the time and support they need to get back to a state so that they are able to return to their own homes.

We recently had a Resident Quality Inspection (RQI) done by the Ministry of Health and faired quite well. There were some items, mainly around how we document our care, which we've been asked to adjust so we are in the process of doing that. We appreciate the opportunity to improve our processes so that we can provide even better care to those who live here at Pleasant Manor.
