## **THINGS TO KNOW**

**The items below have been highlighted to make your experience at Pleasant Manor as enjoyable as possible.**

### **Guidelines**

**While our bowling equipment is well maintained, there is always a risk that the equipment could fail. Over time we have noticed several things that bowlers can do to minimize the risk of equipment failure.**

- 1. Please bowl one ball at a time. Too many balls at once will clog the ball return mechanism.**

**Promoting safety is imperative at Pleasant Manor and we are all responsible for acting in a safe manner.**

- 2. If there is a malfunction with our equipment, notify the nurse at the Nursing Station. Do not attempt to “fix” the problem by going behind the barrier and into the mechanical area.**
- 3. Keep hands and fingers, etc., away from the ball return area.**
- 4. Dry soled shoes should be worn. Avoid using shoes with soles that will leave marks.**

**We recognize and acknowledge that a good bowling experience for you depends much on your knowledge of our equipment and feeling empowered to use them.**

- 5. There is a switch on the wall which, when placed in the “up” position, will turn the system on. Please do not forget to turn off the equipment prior to leaving.**
- 6. Additional score sheets are located on the top of one of the shoe storage shelf.**
- 7. The key for the bowling room can be obtained at the Nurses Station.**
- 8. Please do not have guests go to nursing station for entry to lobby area leading to the bowling area. Someone in your party will need to open door at entrance to the building for guests.**
- 9. When unlocking the door to the bowling alley, please ensure the lock is deactivated. This will avoid people being “locked out” of the bowling area.**

**Thank you for your cooperation in observing these guidelines. Have a great time bowling!**
